A TIP FROM A COLLEAGUE

# A free movement break for your classroom

Hoppo is a set of free browser games and 2-5 minute brain breaks for grades K-3.

- Free and nothing to install. It opens in a browser on a smartboard or classroom computer.
- Brain breaks the whole class can do with no camera, plus short games for letters, sight words, counting and quick math.
- Private by design: no student accounts, no names. Camera video stays on the computer and is never uploaded.
